

TOWN OF SAUGUS - CLIMATE ADAPTATION AND RESILIENCE PLAN VIRTUAL OPEN HOUSE

The Town of Saugus was awarded funding to complete the Climate Adaptation and Resilience Plan through the Municipal Vulnerability Preparedness (MVP) Action Grant program. The MVP Action Grant supports municipalities in advancing priority climate adaptation actions to address climate change impacts resulting from extreme weather, sea level rise, inland and coastal flooding, severe heat, and other climate impacts.

THE SAUGUS CLIMATE ADAPTATION AND RESILIENCE PLAN WILL ...

- Assess risk and vulnerability due to Saugus' top hazards (flood, heat, severe storms, and drought)
- Examine and communicate how the impacts of these hazards can be reduced through investment in adaptation
- Recommend next steps to reduce risk and build resilience in Saugus

For more information about the Climate Adaptation and Resilience Plan visit:
