Article 7

Third Fire Station Feasibility Study

Article 7 is requesting the appropriation of \$400,000.00 for the purpose of conducting a feasibility study for a third fire station. In 2021 the Town Manager engaged a consultant to conduct an organizational and deployment assessment of the Saugus Fire Department. One part of the assessment was to conduct a service demand analysis to assist in determining if there is an operational need for a third fire station.

The funding source for this appropriation is a borrowing authorization.
